

FSC® Certified Products

&Tradition®

FSC® Certified Wood

Out of all materials we employ, wood is by far one the most common across the &Tradition collection: spanning from 1930s Arne Jacobsen and mid-century Hvidt & Mølgaard reissues, to sofas and chairs by contemporary designers. And while sourcing wood means cutting down trees, we strictly ensure the material originates from sustainably managed forests. In this way we make sure our sources of wood have as little an impact as possible on the environment. In fact, 70% of our furniture families is built out of FSC® certified and other controlled wood - this means that the material is exclusively sourced from forests that are responsibly managed, environmentally conscious and socially viable. And while we are almost there, we strive to ensure that all our wood is FSC® certified as soon as possible.

* License Code: FSC-C154398.

FSC® Labels

FSC 100%

All the materials used in products bearing this label are sourced from forests that have been audited by an independent third party to confirm they are managed according to FSC's rigorous social and environmental standards. Of all the FSC labels, FSC 100% contributes most directly to FSC's objective—forests for all, forever—and is therefore the highest mark of distinction for certified products.

FSC MIX

Products that bear this label are made using a mixture of materials from FSC-certified forests, recycled materials, and/or FSC controlled wood. While controlled wood is not from FSC certified forests, it mitigates the risk of the material originating from unacceptable sources.
