REBAR

Sylvain Willenz 2018

SYLVAIN WILLENZ'S INDUSTRIAL-INSPIRED TABLE IN REBAR AND MARBLE - Sylvain Willenz's Rebar collection is a series of coffee-, side- and tray tables that explores the possibilities of recontextualising construction materials and processes. The design juxtaposes the reinforced steel bar frame with black marble tops and metal trays to create a balanced aesthetic. The tables are available in three different sizes in round and rectangular shapes, and are suitable for using in private, corporate or public spaces.

TULOU COFFEE TABLE

GamFratesi 2017

GamFratesi's Spot Table was inspired by the traditional design of a tray table and the extra functional dimension it offers. Comprising two basic elements – a spun steel round tray with a firm, easy-to-hold edge and a four-legged frame in tubular steel – the minimalistic design enables the tray to be moved around different indoor and outdoor spaces. Available in a variety of colours and finishes, its flexible design means it is suitable for use in a wide range of private and public contexts.

SILHOUETTE SOFA

GamFratesi, 2017

GAMFRATESI'S MINIMALISTIC SOFA WITH PIPING DETAIL - GamFratesi's Silhouette Sofa series is characterised by the smooth curve of the sofa's back, which seamlessly combines a strong character with a simple, organic expression. With an angular front view and defining piping details, the sofa appears compact and economical with space, yet is light and spacious and offers generous seating. The family comprises sofas in different sizes and heights, with legs available in metal or solid wood and a number of selected textiles to choose from. The different configurations and strong structural language make the sofa a natural choice for defining space and creating intimacy in large and small areas in private and public contexts.

PALISSADE HOT GALVANIZED

Ronan and Erwan Bouroullec 2016

Designed by French brothers Ronan and Erwan Bouroullec, Palissade is a collection of outdoor furniture for HAY in powder coated steel. United by a common principle of symmetrical geometry, the Palissade collection is engineered to reproduce the same visual simplicity and core strength throughout. Designed in colour and form to integrate effortlessly into a natural landscape or urban setting, Palissade is intended to be used over a longer period of time and become more beautiful over the years. The chairs and benches are also available with a hot-dip galvanised finish, offering maintenance-free longevity. The collection is suited to a wide variety of environments, from cafés and restaurants to gardens, terraces and balconies.

HAY PALAZZO CLERICI

EIFFEL COLECTION

Line Depping & Jacob Jørgensen 2017

Based on a simple layering principal, Depping & Jørgensen have created a flexible and multifunctional range of shelving units and tables using cast aluminium leg modules with powder-coated MDF square, round or rectangular plates in different sizes. The shelving systems and tables are available in diverse colours, heights and shapes, making them suitable for use in a wide range of private and public contexts.

REVOLVER STOOL

Leon Ransmeier 2018

Sharing the same bearing mechanism as the Revolver Bar Stool, which enables the seat to rotate 360 degrees, Leon Ransmeier's Revolver Stool offers a versatile and functional design. The slim, slightly dished seat with curved edges is offset by straight, angled legs, creating an uncluttered silhouette that offers limitless applications. Made in powder coated steel with a choice of colours, this lower version is suitable for a wide range of public and residential environments.

CORNET STOOL

Jonas Trampedach 2018

Jonas Trampedach's Cornet barstool is a classic barstool using an innovative steel tube technique inspired by bicycle racks. The round solid oak seat rests on a slender steel base, creating an interesting balance of proportions and profiles. The stools come in two different heights, with choice of wood finishes for the seat and chrome or powder coated colour options for the legs. The stools are suitable for bars, islands and worktops in a number of private and public settings.

ÉLÉMENTAIRE CHAIR

Ronan and Erwan Bouroullec 2017

With Elementaire, Ronan and Erwan Bouroullec set out to create a chair that is both aesthetically and physically balanced. A mélange of years of work and experience, Elementaire uses the latest technology to create a chair that is robust enough to be a long-lasting object while still appearing delicate. Precise proportions and a clear profile give Elementaire a charm that allows it to stand out on its own or look strong in a group. Designed for everyday life, Elementaire fulfils basic needs in a balance of beauty and strength.

CAN SOFA/ RELAUNCH (NEW SEAT CUSHION AND SELECTION OF FABRICS)

Ronan and Erwan Bouroullec 2017

The CAN Milan Edition was developed in collaboration with the design duo, Ronan and Erwan Bouroullec, and specially designed for the 2018 Milan Design Week Exhibition. Based on the desire to upgrade and enhance the look and feel of the sofa while retaining the existing uncluttered profile, the Milan edition features a new mattress construction, more fabric options and chrome legs.

HAY PALAZZO CLERICI

BUTLER

Shane Schneck 2018

Born from the desire to create a versatile step ladder to fit modern urban lifestyles, Shane Shneck has created in Butler a clever and multifunctional household item. Providing two extra steps when used as a ladder, the larger lower step allows it to be utilised as a side table, stool or bedside bench when not serving its primary function. Crafted in solid oak with contemporary detailing, Butler comes pre-assembled and ready to use.

PALISSADE CONE TABLE

Ronan and Erwan Bouroullec 2017

POWDER-COATED STEEL TABLE FOR OUTDOOR USE – Based on the desire to develop a series of tables to complement the Palissade outdoor furniture collection, French design duo Ronan and Erwan Bouroullec teamed up with HAY to create the Palissade Cone Table. Its solid base and ultra-thin steel tabletop share the same graphic design idiom as the rest of the series, enabling the table to be strong without being bulky and elegant without being fragile.

The series comprises various sizes with round and square tabletops; all featuring a stabilising concrete base. Specifically designed for outdoor use, the powder-coated steel has a protective outdoor primer for optimal durability and resilience. The collection is available in selected colours and is ideal for terraces, balconies, gardens, cafés and public spaces.

BERNARD

Shane Schneck 2018

With the objective of creating a new and affordable design classic with a modern appeal to last future generations, Shane Schneck's Bernard explores the easy chair genre within a contemporary context. The juxtaposition of a solid oak frame with a visually light cover creates a unique relationship between the two components, resulting in a comfortable and durable chair with a distinctive design language. The frame is crafted in solid oak with different finishes, and the cover will be available in leather or industrial strength canvas.
