# EIFFEL / OVERVIEW

Based on a simple layering principal, Depping & Jørgensen have created a flexible and multifunctional range of shelving units and tables using cast aluminium leg modules with powder-coated MDF square, triangular or rectangular plates in different sizes. The shelving systems and tables are available in diverse colours, heights and shapes, making them suitable for use in a wide range of private and public contexts.

# TULOU COFFEE TABLE

GamFratesi's Tulou Table was inspired by the traditional design of a tray table and the extra functional dimension it offers. Comprising two basic elements – a spun steel round tray with a firm, easy-to-hold edge and a four-legged frame in tubular steel – the minimalistic design enables the tray to be moved around different spaces. Available in a choice of sizes, colours and finishes, its flexible design means it is suitable for use in a wide range of private and public contexts.

**Ø55 X H35 CM / Ø21.65" x H13.78"**

**Ø75 X H35 CM / Ø29.53" x H13.78"**

# REBAR SIDE TABLE

Sylvain Willenz's Rebar collection is a series of coffee-, side- and tray tables that explores the possibilities of reconsidering construction materials and processes. The design juxtaposes the reinforced steel bar frame with black marble tops and metal trays to create a balanced aesthetic. The tables are available in different sizes in round, square and rectangular shapes, and are suitable for using in private, corporate or public spaces.

**Ø45 X H40,5 CM / Ø17.72" x H15.94"**

# BELLA COFFEE TABLE

HAY's Bella Coffee Table is an understated table that is small enough to place anywhere and has enough personality to make its presence felt. The thin solid surface and veneer legs combine different elements to result in a light yet distinctive expression. Functional and decorative, it can be used separately or positioned in pairs or groups.

# TERRAZZO TABLE

Swedish designer Daniel Enoksson's Terrazzo Table features a round- or square-shaped table top crafted in highly functional electro-galvanized steel and powder coated to make it extra resilient. For the designer, terrazzo was an obvious choice to use as the base, due to its excellent durable properties. Designed to withstand the outdoor environment, the table is suitable for all kinds of indoor and outdoor use.

# NEU TABLE / OVERVIEW

The Neu Table is the latest addition to HAY's Neu Collection. The design features a small round or square table top attached to a tubular central pole and angled 4-star pedestal base. Crafted in outdoor powder coated steel and cast aluminium to offer greater durability and resilience, it has a versatile quality that makes it well-suited to both indoor and outdoor use for public spaces such as cafés, offices, as well as private areas such as gardens and balconies.

# REVOLVER / OVERVIEW

Designed for HAY by Leon Ransmeier, Revolver comprises a series of circular tables, stools and bar stools in powder coated steel. The stools and bar stools have a revolving design, featuring a bearing mechanism that enables the seat to rotate 360 degrees. Footrests and hooks on the bar stools and tables add further functionality to the series, while curved edges and a careful sense of symmetry create a modern and uncluttered silhouette. Available in a choice of different colours this versatile series can be coordinated together or used separately in a wide

range of public and residential environments.

# 13EIGHTY / OVERVIEW

HAY's 13Eighty chair designed by Dutch designers Scholten & Baijings is aptly named after the number of tiny holes in the moulded polypropylene shell. These perforations create a characteristic aesthetic, where transparency and a play of light and shadows add to the chair's expression, while the variations in the sizes of the holes bring a sense of movement to the visual appearance. They also have a functional use in draining rainwater off when the chairs are used outdoors. Available in two versions
