DLM

HAY

Thomas Bentzen's portable side table is aptly named 'Don't Leave Me'. Abbreviated to DLM, it features a convenient handle that allows the metal table to be carried from room to room. Although it has a lightweight and portable structure, the three slanted legs provide great stability.

Available in two sizes, the DLM and DLM XL make functional alternatives to traditional coffee tables and can be used in most home or office environments. Both sizes are made in powder coated steel and come in different colour options.

With a little care you can prolong the life of your furniture. Follow the instructions for the materials of your specific product to make sure that it stays in the best shape for as long as possible.

The information below is only intended as a general guideline. For more information on how to remove specific stains, please enquire where you bought the furniture.

- / Always remove stains quickly before they can do any permanent damage to the furniture.
- / When you move your furniture, make sure you lift it rather than pulling or pushing it to avoid damaging the floor, legs and mountings.
- / Use coasters under damp, hot or coloured objects to avoid permanent stains.
- / Be careful not to scratch or damage the surface with sharp objects.
- / Avoid improper use such as putting your feet on the table or standing on it.
- / Do not leave the table outside as it is not suitable for outdoor use and it may result in visible rust.

POWDER COATED STEEL

Wipe with a clean cloth wrung in water or in a solution of water and a neutral detergent. Remove soap residue immediately using a clean, dry cloth. Avoid using scouring cream or scouring pads, as they may scratch the surface. Do not use solvents as they may have an adverse effect on the coating. Never use acetic acid or citric acid.
